 - Determined, Confident & Efficient under pressure.
-

My Projects:

I. Newsletter - SignUp

This web app takes the user data (email) and stores it for the admin so that he/she can mail any of the subscribed users.

Technologies used: **Express with Node.js, Bootstrap.**

API used: **Mailchimp.**

II. Daily Journal - A Blog Website

It is a blog website where users can create and store articles. Each article can be expanded to view it in its dedicated dynamically generated web page.

Technologies used: **Express with Node.js, EJS(Templating), Bootstrap**

Databases used: **MongoDB with Mongoose.**

III. Weather App.

This web app takes the city name as the input and provides the information about the temperature and the weather condition of the specified city.

Framework used: **Express with Node.js.**

API Used: **OpenWeatherMap.**

IV. Wiki API - A RESTful API

This is a wikipedia style api where you can store, get, update(put & patch) and delete data(articles). This api was tested using Postman since there is no frontend as this is just purely an API.

Technologies used: **Express with Node.js, Postman(API testing tool).**

Database used: **MongoDB with Mongoose.**

V. Keeper App - A Google Keep clone

This web app lets users write & delete notes. Each note is a react component.

Technologies used: **React.js, JSX, MaterialUI.**

VI. Currency Converter

This is a simple black bear animation.

Languages used: **HTML, CSS**

Other simple projects:

- A reaction time calculator.
 - A drink water reminder app.
 - A bear animation using just html and css.
 - A dictionary for emojis using react
 - 20+ mini-projects with HTML, CSS & JavaScript.
-

Currently working on/Next project:

❖ A Simple Google Drive clone

This web app will allow users to create an account and use this app just like google drive i.e create & delete folders and upload images in these folders.

Technologies to be used: **React**, **Firebase Auth** (Will Learn).

Extra-Curricular Activities:

Sports:

- Bagged Bronze at State level **Mixed Martial Arts** Tournament Organized by Mixed Martial Arts Association of Maharashtra (MMAAM).
- Won the Amateur **Kickboxing** Tournament Held at Brawlers MMA Gym and Fitness Kalyan.
- Captained State level **Cricket** team organized by Belgaum Cricket Association.

Social:

- As part of my Social Activity Project, I visited 'Navjyoti Trust', an organization that helps orphan children to get basic education and fulfil daily needs.
- Participated in a blood donation camp.

Cultural:

- Participated in inter college **dance** competition held at Seth Hirachand Mutha College of Arts, Science & Commerce
-

Hobbies:

- Mixed Martial Arts
- Competitive Gaming
- Video editing
